RE: Zoning Change for 111 S Peoria

On October 1, 2014 Neighbors of West Loop (NOWL) – 27th Ward Committee met with LG Development and other representatives from the property located at 111 S. Peoria. This is the second proposal from LG Development that we have reviewed for the 111 S Peoria site. West Loop residents as well as condominium board members from nearby buildings were invited to attend the meeting and review the proposed development.

The feedback from the residents and condominium board members at the meeting was overwhelmingly in opposition to the proposed project. In addition, NOWL has received letters in opposition from condominium boards representing several of the residential buildings nearby. We have also received a copy of a petition with 240 signatures to date from residents opposing this project.

Neighbors of West Loop is a community organization representing residents and based on the feedback we have received, NOWL is opposed to this proposed development and we do not support the proposed zoning change.

Please contact me with any questions.

Thanks,
